MIDWEST LIVESTOCK REVIEW

and

RANGE AND FEEDLOT SALES

Prices advanced on most classes of live-stock. Curtailed marketings coupled with sharply higher prices in the dressed trade contributed to higher steer and heifer prices. Slaughter steers and heifers sold 50¢ to \$1.00 higher. The number of steers and heifers sold out of first hands for slaughter at the seven markets totaled 96,500 head compared 115,400 last year, but of this total, steers comprised 63,300, smallest for non-holiday week since April 1960. Cows sold steady to 50¢ higher. Feeder cattle and calves were mostly steady. Barrows and gilts generally sold steady to 50¢ higher. Spring slaughter lambs were \$1.00-1.50 lower, with the exception of Denver which made up 36 percent of the 12 market receipts at fully steady to strong prices.

SLAUGHTER CATTLE AND CALVES - Curtailed marketing early in the week under review coupled with price upturns in the dressed trade prompted a broad demand for slaughter steers and heifers and price advances were general. The higher trend carried throughout the week despite a larger than normal midweek supply and some weakness late for steer and heifer beef. Slaughter steers and heifers closed 50¢-\$1.00 higher. Cows sold steady to 50¢ higher, except weak to 50¢ lower at Omaha where this class advanced sharply the previous week. Bulls were strong to 50¢ higher. Vealers sold strong to \$1.00 higher. The general trade on slaughter steers and heifers represented a reversal of the situation which existed the previous week when the number of cattle slaughtered under Federal inspection the largest for any week since January 1957. Bulk supply at most points was comprised of Good and Choice slaughter steers and heifers with the percentage of Prime at Chicago up slightly from the 8 percent the previous week. Cows made up 9 percent of the 12 market receipts.

Slaughter steers: In Chicago high-Choice and Prime 1125-1400# brought \$30.50-33.50 with nine loads mostly Prime 1185-1400# at \$34.00. At other points, high-Choice and Prime 1400# sold from \$30.25-32.00, bulk Choice \$28.00-30.00, to \$31.50 at Chicago for steers over 1200#; most Good \$25.00-28.00; Standard and low-Good \$22.50-25.00.

Slaughter heifers: High-Choice and mixed Choice and Prime 925-1025# brought \$28.00-29.00, load 1040# \$29.25 in Chicago; bulk Choice \$26.50-28.50. Good sold from \$23.00-26.50; Standard and low-Good \$20.00-23.00.

FEEDER CATTLE AND CALVES - Receipts of feeder cattle and calves at midwest markets were little different in volume than the previous week and somewhat smaller than a year ago. Although marketings this month have shown

seasonal expansion, the movement to terminal markets has been considerably smaller than during the first three weeks of September in many previous years. Favorable late summer and early fall weather conditions permitted many growers and graziers to defer marketing plans until a later than normal date. In addition very extensive range contracting has diverted many cattle from terminal markets. Yearling and two-year-old steers made up a large percent of current supplies but a moderate number of yearling heifers also was offered. Trading was somewhat uneven but at most markets prices varied but little from a steady basis. Principal exceptions were at Kansas City where the market was steady to 50¢ lower and at Oklahoma City where a 50¢-\$1.00 higher trend prevailed.

Feeder steers: Good and Choice 800-1000# largely \$23.50-27.00. At Omaha couple loads Choice 1006-1011# \$26.00-26.50. Scattered shipments Choice 800-950# \$27.25-27.50. Good and Choice 550-750# chiefly \$24.00-29.50, few loads Choice 550-675# \$30.00-31.00; Choice and Fancy 558# \$32.00. Medium 550-750# \$20.00-23.50, few Holsteins \$19.00-21.00.

Feeder heifers: Bulk Good and Choice 525-750# \$22.50-27.50, few loads Choice 533-624# \$28.00-28.50; Medium and mixed Medium and Good \$19.00-22.00.

Feeder calves: Choice and mixed Choice and Fancy 350-550# steers \$29.00-33.50; Good and mixed Good and Choice \$25.00-30.00. Good and Choice 300-500# heifers \$23.00-29.00, few 29.50-30.00.

HOGS - Terminal Markets - Hog supplies at the twelve terminal markets estimated at 273,000 head were 4 percent less than the previous week, and about the same as a year ago. Sow receipts continued to dwindle as this class comprised only 12 percent of the eight market receipts or about 1 percent less than the week before. Shippers were very active at most terminals and in many cases their orders were left unfilled. Compared with the previous week's close, barrow and gilt prices steady to 50¢ higher, excluding St. Louis with a 10-15¢ lower trend. Sows were mostly steady to \$1.00 higher, at St. Louis prices were weak to 50¢ lower.

Barrows and gilts: Closing sales U. S. 1-2, 200-240# \$19.00-19.75. No. 1-3, 190-270# closed at \$18.75-19.00 at most markets, but at few eastern points up to \$19.50.

Sows: U. S. 1-3, 270-400# \$16.75-17.75, selected lots mostly No. 1-2, 250-300# \$18.00-18.25. No. 2-3, 400-500# \$16.00-17.00.

Feeder pigs were strong to 50¢ higher at South St. Paul with Choice 120-160# selling at \$18.00-18.50, largely \$18.00 late. Sioux City was steady to 25¢ higher on this class

and reported Good and Choice 130-160# at \$15.50-17.25.

Interior Iowa-Southern Minnesota receipts totaled 319,000 compared with 265,000 a week earlier and 324,000 a year ago. U. S. 1-3 200-250# barrows and gilts comprised bulk of offerings. Sows comprised about 9 percent of receipts. Outlet broadened over the preceding week as several packers expanded slaughter programs. For the week barrows and gilts sold 25-35¢ higher. Sows were 25-50¢ higher.

Barrows and gilts: On Friday U. S. 1-3 200-240# \$17.75-18.50, mostly \$18.00-18.50, few No. 1-2 \$18.50-18.75.

Sows: U. S. 1-3 270-400# \$15.75-17.50, few No. 1-2 270-300# \$17.50-17.75; No. 2-3 400-550# \$14.00-17.15.

Interior Illinois - Receipts totaled 112,500 head compared 112,300 the previous week and 105,800 a year ago. Demand good. For the week barrows and gilts were steady to 35¢ higher, instances 50¢ up. Sows sold mostly 25-50¢ higher.

Barrows and gilts: On Friday U. S. 1-3 200-250# \$18.25-19.00, mostly \$18.35-18.85; sorted No. 1-2 205-235# \$19.00-19.50. No. 1-3 185-200# and 250-270# \$17.50-18.25.

Sows: U.S. 1-3 250-350# \$16.50-17.50, few No. 1-2 280-330# \$17.75-18.00. No. 1-3 350-450# \$15.50-16.50; No. 2-3 450-550# \$14.50-15.50; No. 2-3 550-600# \$13.50-14.50.

SHEEP AND LAMBS - Combined receipts at the twelve major terminals totaled 107,000 head, compared 125,000 last week and 136,000 a year ago. Despite smaller receipts, slaughter lamb prices declined at most markets under the influence of a sharply lower dressed lamb market at wholesale centers. Spring slaughter lambs at most markets closed 50¢-\$1.50 lower than the previous Friday. At Denver, which received 36 percent of the twelve market receipts, prices were steady to strong. Slaughter ewes and feeder lambs were mostly steady.

Spring slaughter lambs: Choice and Prime 80-113# \$20.00-22.00, few earlier in week \$22.00-23.00. Good and Choice 75-111# \$18.00-20.50.

Shorn slaughter lambs: Limited Choice and Prime No. 1-2 pelt 85-103# \$20.00-22.00, double deck \$22.75 at Chicago; Good to mostly Choice 81-113# No. 3 to fall shorn \$18.00-21.50.

Slaughter ewes: Cull to Good shorn \$3.00-6.50, few \$6.50-6.80.

Feeder lambs: Choice and Fancy 58-85# westerns \$17.00-19.90. Other Choice and Fancy 50-85# natives \$15.00-18.50; Good and Choice \$13.50-17.00.

Interior Iowa-Southern Minnesota area sheep and lamb receipts totaled 11,300 head, compared 13,000 last week and 19,800 year ago. Sharply lower dressed lamb prices resulted in lower live prices in spite of reduced receipts. Spring slaughter lambs closed 50¢-\$1.00 lower

than the previous Friday, slaughter ewes about steady.

Spring slaughter lambs: Choice and Prime 80-110#, some No. 1 and 2 shorn pelts, delivered \$18.50-19.50, few \$20.00 early. Consignments Choice and Prime 90-105# high-yielding usually with an over-night stand \$20.00-21.50; Good and Choice \$17.00-18.50 late.

BOSTON WOOL MARKET REVIEW

Most wools were firm with quarter-blood fleece wools around one cent higher. Trading was moderately active with demand generally fair for greasy domestic worsted wools at Boston this week. Volume moved was a bit increased over a week ago but small lot sales continued to dominate. Activity in woolen wools held slow while noils met moderately good demand. Pulled wools appeared well sold up and local spot trade meager with some advance sale reported in spots.

Eastern Europe, Continent and Japan were major participants at Australia and Cape auctions with Japan re-entering in strong fashion while United Kingdom was mildly aggressive at Melbourne. Reports indicate rather poor early season selection at Australia but firm prices with all sections buying and the close at Albany up two pence. Cables released from Cape show good clean up at strong prices and sustained advancing tendency despite some let up in activity late.

The Crop Reporting Board of USDA announced the average price received by farmers for wool on August 15, 1962 was 45.1¢ per grease pound. This compared to 45.7¢ for July 15, 1962 and 41.0¢ for August 15, 1961.

Fleece Wools - Supplies were limited, scattered odd lots sold firm.

Territory Wools - Very little activity reported in Territory states and local turnover moderate at fully steady prices.

Texas Wools - There was moderately active trade on Texas wools this week at steady to strong prices. Volume in sales, predominantly outside Boston, estimated around 400,000-500,000 pounds.

Mohair - Prices moved higher with current quotes as much as five cents above levels of week previous. Adult sold at 56½¢ and kid around 91½¢ to warehouse. Trading at Boston held slow.

Foreign Wools - Demand from Boston source eased slightly this week and was mostly poor. Supplies moderate and prices firm overall. Cabled reports at week's end follow with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.

Carpet Wools - Prices were firm in quiet trading with B.A. offerings limited and carpet wools from New Zealand not available in any significant quantity. Odd sales of Buenos Aires scoured wools as is at 69¢ in bond and greasy at 64¢ to 64½¢ clean fibers present. Mills appeared amply stocked and expressed very little interest currently.

WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Steer carcass prices were 50¢ lower at New York and declines of \$1.00 to mostly \$1.50 were recorded at Philadelphia and Washington. The trend was steady for steer beef at Baltimore. Cow beef sold \$1.00 higher at Philadelphia and 50¢ lower at New York. Veal prices were strong to \$3.00 higher, major portion advanced \$1.00-2.00. Calf carcass prices were \$1.00 higher. Prices were weak to mostly \$1.00 lower for spring lamb and at the close downturns of \$2.00 were recorded at Washington. Pork loins were \$1.00-2.00 lower and a \$7.00-8.00 lower trend prevailed at Philadelphia. Boston butts sold \$2.00 lower and little price change affected other pork cuts.

Prices were \$3.00-3.50 higher than close previous week for kosher dressed steer forequarters. Lamb sold weak to \$1.00 lower while kosher veal and calf prices were \$2.00-3.00 higher. Demand was good for kosher steer beef and fair for veal and calf, but outlet was poor for lamb.

At the various markets along the Eastern Seaboard trading was moderately active for steer beef. Steer forequarters and particularly arm chucks were in broad demand, but outlet was poor for hindquarters. Lamb moved at a normal pace early in the week, however, late trading was slow. Retailers were active for veal and clearance fairly broad at all market centers. Moderate supplies of pork moved into retail channels in an active trade. Supplies of most red meats were normal, except New York where volume of veal and calf was mostly moderate. Clearance was incomplete at most markets on steer hindquarters and small volume of lamb was carried over at New York.

CHICAGO - Compared to the previous Friday: Steer beef 50¢-\$1.50 higher, but closing trade was slow. Heifer beef steady to 50¢ higher after a large share of the early week advance was erased in late trading. Veal sold steady and lamb was \$2.00-2.50 lower. Pork loins 8-12# and spareribs 3# and down mostly \$1.00 lower, Boston butts 4-8# \$2.00-2.50 lower.

Carcass beef trade slowed somewhat after Wednesday and prices worked lower late in the week. Bulk of the beef supply consisted of Good and Choice and weight continued to be an important price determining factor as best demand for steer carcasses weighing over 700# and heifers weighing over 600#. Demand was good for arm and squarecut chucks throughout the week and substantial price advances were recorded. On the other hand, after Tuesday demand for hinds narrowed and prices worked lower. Ribs and loins under pressure throughout the week, particularly on the lighter

weight cuts. Seasonal increase in supply of spring lambs and lower replacement costs supported lower prices and practically all cuts showed some decline. Demand for pork cuts was fairly broad near the close.

PACIFIC COAST - Price trends on beef were irregular, spring lamb maintained a stable position and pork prices continued to work downward.

Carcass steer and heifer beef sold steady to 25¢ lower in California, the downturn in Los Angeles and on Choice steer under 700#. However, in the Portland-Seattle area the trend was steady to 50¢ higher except Standard steady to \$1.00 lower. Cow beef was steady to 50¢ higher in California but steady to \$1.00 lower in the Northwest. Calf and veal sold steady to \$1.00 higher, the upturn most pronounced in San Francisco. Spring lamb held steady over the entire area. Fresh pork loins and spare-ribs sold from \$2.00-6.00 lower in California, loins mostly \$2.00-3.00 lower in Portland and Seattle, other pork items over the entire area generally steady to \$2.00 lower.

Most meats were in fairly abundant supply in Los Angeles, except volume of Choice 800-900# steer beef, calf and mutton moderate, and trade rather slow. Supplies in San Francisco were moderate and trade fairly active.

CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Trading was generally slow. Prices advanced early in the week on below normal supplies of steer and heifer beef. However, supplies expanded at midweek and part of the early advance was erased. Steer beef closed 50¢-\$1.75 higher, mostly 50¢-\$1.00 higher. Heifer beef sold steady to \$1.00 higher, mostly steady to 50¢ higher at the close. Cow beef sold steady to 50¢ higher under moderate supplies. Clearance was generally good on beef classes.

Demand was narrow for spring lamb. Trading was only moderately active and prices declined \$2.00-3.50. Supplies were well cleared at the close.

Demand was moderate and trading fairly active but uneven on a normal supply of pork carcasses and pork products. Pork loins sold steady to 50¢ lower at Chicago and Omaha. Fresh hams were steady to \$1.50 higher following the previous week's sharp decline. Pork carcasses at New York and Philadelphia sold steady to strong. Clearance was generally complete on pork supplies.
